Ewing Chapter

January 2013

Dear Compatriots,

The holidays have flown by and we are now starting a new year. According to the news on TV and the internet, 2013 sounds to be interesting as well as challenging. Along those same lines Ewings Chapter is also trying to provide interesting programs and meeting sites but finds this also can be challenging at times. Our upcoming meeting is a good example. As of the writing of this newsletter we have several programs that are possible but nothing confirmed. The best I can say is come to the meeting and hopefully be pleasantly surprised. Most of our speakers are local historians, collectors of a variety of artifacts, eclectic enthusiasts with a wide range of knowledge in some specific area and sometimes even a local politician. With that said please come as often as possible and join fellow members in support of our great country.

Ewings Chapter will convene for its January meeting this Thursday evening January 24th at 6:30 at the restored Chester Academy Building in Chester, Ohio. As mentioned above the program is sure to be exciting, given the wide range of excellent talent in the area. The meal for the evening is also going to be a surprise as well. It is going to be provided by several of our own Ewings members. The cuisine may not be as good as the excellent meals provided by the ladies of the Chester Shade Historical Society, but you will not go away hungry. If you could please call Jim Smith, 740-949-2127 - jimdsmith@yahoo.com or William Beegle, 740-446-2152 beegle@hughes.net by this Wednesday evening it would be greatly appreciated.

Chapter Web Site

Compatriot Carl Denbow has graciously volunteered to maintain a web site for the chapter. You can access it from the Ohio SAR web site www.ohssar.org or by going direct with www.sar-ewing.org. The site will have previous newsletters, including this one, as well as interesting information about Ewings and upcoming dates and events. Some members have noted they cannot always open the newsletter so if that happens just go to the web site listed above and you can read it there.

Dates and Events

February 1 & 2 - Winter BOM - Columbus, Ohio February 28 - Ewings regular meeting - Pomeroy, Ohio
